UWC VALUES

The UWC movement (United World Colleges) has already educated more than 50,000 young people of over 180 nationalities in its first 60 years.

All the academic programmes and courses offered by UWC on five continents have the same purpose: to demonstrate that it is possible to change the world, to transmit enthusiasm and to show that, together, the dream of a peaceful, more caring and sustainable planet is feasible.

Our proposal

Why

Do you want to explore your personal role in peacebuilding, while learning how to manage conflict?

In our ActionxPeace programme we will reflect on our own identity and reality in order to be able to understand the other as a way to transform conflicts.

To whom

If you were born in 2006, 2007 or 2008 and are interested in learning more about conflict transformation and peacebuilding - core values of UWC's mission - don't hesitate, apply for a place in our ActionxPeace programme which will be held on 6, 7, 8, 9 and 10 December 2023 at GSD International School in Buitrago del Lozoya, Madrid.

How

Fill in and send us the online application form that you will find on the website <https://www.es.uwc.org/> between 26 September and 31 October 2023, attaching all the relevant documents, and you will participate in the 2023 call for applications.

Targets

01

May you be increasingly aware
that you represent a force for
social change in your community.

02

to understand and transform
conflict and become peace
builders.

03

That you can explore through a
playful and recreational
programme your own identity and
strength as peacebuilders.
